**Independent Auditors' Report on Review of Condensed Consolidated and Separate Interim Financial Statements**

To the Shareholders of **Dangote Cement Plc**

**Introduction**

We have reviewed the accompanying condensed consolidated and separate interim financial statements of Dangote Cement Plc ("the Company") and its subsidiaries (together, "the Group"), which comprise:

- the condensed consolidated and separate statements of financial position as at 31 March 2022;
- the condensed consolidated and separate statements of profit or loss for the three-month period ended 31 March 2022;
- the condensed consolidated and separate statements of comprehensive income for the three-month period ended 31 March 2022;
- the condensed consolidated and separate statements of changes in equity for the three-month period ended 31 March 2022;
- the condensed consolidated and separate statements of cash flows for the three-month period ended 31 March 2022; and
- notes to the interim financial statements.

The Directors are responsible for the preparation and presentation of these condensed consolidated and separate interim financial statements in accordance with IAS 34, '*Interim Financial Reporting*'. Our responsibility is to express a conclusion on these condensed consolidated and separate interim financial statements based on our review.

**Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 31 March 2022 condensed consolidated and separate interim financial statements are not prepared in all material respects, in accordance with IAS 34, '*Interim Financial Reporting*'.

## Dangote Cement Plc

### Notes to the condensed consolidated and separate interim financial statements For the three months ended 31 March 2022

#### 1 General Information

Dangote Cement Plc (“the Company”) was incorporated in Nigeria as a public limited liability company on 4 November 1992 and commenced operations in January 2007 under the name Obajana Cement Plc. The name was changed on 14 July 2010 to Dangote Cement Plc.

Its parent company is Dangote Industries Limited (“DIL” or “the Parent Company”). Its ultimate controlling party is Alhaji Aliko Dangote.

The registered address of the Company is located at 1 Alfred Rewane Road, Ikoyi, Lagos, Nigeria.

The principal activity of the Company and its subsidiaries (together referred to as “the Group”) is to operate plants for the preparation, manufacture, and distribution of cement and related products. The Company’s production activities are currently undertaken at Obajana town in Kogi State, Gboko in Benue State and Ibese in Ogun State; all in Nigeria. Information in respect of the subsidiaries locations is disclosed in note 15.

The condensed consolidated interim financial statements of the Group for the period ended 31 March 2022 comprise the Company and its subsidiaries.

The condensed separate interim financial statements of the Company for the period ended 31 March 2022 comprise the Company only.

#### 1.1 Securities trading policy

The Board has established an Insider Trading Policy designed to prohibit dealing in Dangote Cement Plc. shares or securities on the basis of potentially price-sensitive information that is not yet in the public domain. This is in line with the Rules of the NSE, the Investment and Securities Act (ISA) 2007 and the SEC Rules and Regulations. Having enquired, we can confirm that all Directors complied with the Insider Trading Policy during the period under review.

#### 2 Significant accounting policies

The Group and Company’s financial statements for the year ended 31 December 2021 have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IASB”), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB (together “IFRS”) and requirements of the Companies and Allied Matters Act (CAMA) of Nigeria and the Financial Reporting Council (FRC) Act of Nigeria.

Dangote Cement Plc. Group has consistently applied the same accounting policies and methods of computation in its condensed consolidated and separate interim financial statements as in its 2021 annual financial statements except for the application of new standards. None of the new standards, interpretations and amendments, effective for the first time from 1 January 2022, have had a material effect on the condensed consolidated and separate interim financial statements.

##### Standards issued but not yet effective

A number of new standards and amendments to standards are effective for annual periods beginning on or after 1 January 2022 and earlier application is permitted; however, the Group has not early adopted any of the forthcoming new or amended to standards in preparing these condensed consolidated and separate interim financial statements.

##### Basis of preparation

These condensed consolidated and separate interim financial statements for the three months ended 31 March 2022 have been prepared in accordance with IAS 34 Interim Financial Reporting, and should be read in conjunction with the Group and Company’s last annual consolidated and separate financial statements as at and for the year ended 31 December 2021 (“last annual consolidated and separate financial statements”). They do not include all the information required for a complete set of financial statements prepared in accordance with IFRS Standards. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group and Company’s financial position and performance since last annual consolidated and separate financial statements.

The condensed consolidated and separate interim financial statements have been prepared on the historical cost basis except for derivatives at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

##### Fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure in these condensed consolidated interim financial statements is determined on such a basis, except for leasing transactions that are within the scope of IFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 or value in use in IAS 36. Derivatives are carried at fair value.

##### Basis of consolidation

The Group condensed interim financial statements incorporate the financial statements of the Company and its subsidiaries made up to 31 March 2022. Control is achieved where the investor; (i) has power over the investee entity (ii) is exposed, or has rights, to variable returns from the investee entity as a result of its involvement, and (iii) can exercise some power over the investee to affect its returns.

The Company reassesses whether or not it still controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

The financial statements of subsidiaries are included in the condensed consolidated interim financial statements from the date that control commences until the date that control ceases. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

Income and expenses of subsidiaries acquired or disposed of during the period are included in the condensed consolidated statement of profit or loss and condensed consolidated statement of comprehensive income from the effective date of acquisition and up to the effective date of disposal, as appropriate. Total comprehensive income of subsidiaries is attributed to the owners’ of the Company and to the non-controlling interests even if this results in the non-controlling interest having a deficit balance.

In the Company’s condensed separate interim financial statements, investments in subsidiaries are carried at cost less any impairment that has been recognised in profit or loss.

#### 4 Segment Information

##### 4.1 Products and services from which reportable segments derive their revenue

The Executive Management Committee is the Company's Chief Operating Decision Maker. Management has determined operating segments based on the information reported and reviewed by the Executive Management Committee for the purposes of allocating resources and assessing performance. The Executive Management Committee reviews internal management reports on at least a quarterly basis. These internal reports are prepared on the same basis as the accompanying consolidated and separate financial statements.

Segment information is presented in respect of the Group's reportable segments. For management purposes, the Group is organised into business units by geographical areas in which the Group operates. The Group has 2 reportable segments based on location of the principal operations as follows:

- Nigeria (includes Company and all subsidiaries operating in Nigeria. See Note 15.1)
- Pan Africa (includes entities operating outside Nigeria. See Note 15.1)

##### Segment revenues and results

Performance is measured based on segment sales revenue, Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) and profit from operating activities, as included in the internal management reports that are reviewed by the Executive Management Committee. Segment sales revenue, EBITDA and profit from operating activities are used to measure performance as management believes that such information is the most relevant in evaluating results of certain segments relative to other entities that operate within these industries.

#### 24 Financial liabilities (Contd.)

(a) The loans from Bulk Commodities International, a related party, are denominated in USD with interest rate ranging from 6% to 8.5% per annum.

(b) In 2011 and 2012, the Bank of Industry through Guaranty Trust Bank Plc and Access Bank Plc granted the Company the sum of ₦24.5 billion long-term loan repayable over 10 years at an all-in annual interest rate of 7% for part financing or refinancing the construction cost of the power plants at the Company's factories under the Power and Aviation Intervention Fund. The loan had a moratorium of 12 months. Given the concessional terms at which the Company secured the loan, it is considered to have an element of government grant. Using prevailing market interest rates for an equivalent loan of 12.5%, the fair value of the loan is estimated at ₦20.7 billion. The difference of ₦3.8 billion between the gross proceeds and the fair value of the loan is the benefit derived from the low-interest rate loan and is recognised as deferred revenue. The facility is secured by a debenture on all fixed and floating assets of the Company to be shared *pari passu* with existing lenders.

(c) The Company issued bonds with a total face value of ₦150 billion and a coupon rate of 11.25% to 13.5%. The tenure is between 3 to 7 years.

(d) Bank loans include Letters of credit (LCs) obtained to finance inventories, property, plant and equipment, etc. The average interest rate is Libor plus 7.5%.
